

SKIN + BEAUTY CLINIC

BbK

FACE

BbK facials will deliver seriously noticeable results.

<p>Clinical Peels</p> <p>Peels are one of the most effective means of stimulating new, healthier skin growth. By removing cellular build-up and stimulating skin regeneration. Our peels offer improvement of wrinkles and fine lines, sun damage, pigmentation, pore size, acne and oil production. BbK skin peels are especially beneficial in the treatment of hyper pigmentation, general redness, acne, sun damage and ageing.</p>	<p>from 95 – 185</p>	<p>Epidermal Blading</p> <p>A safe, painless and highly effective clinical treatment designed to evenly and deeply exfoliate the build up of dead skin cells and remove the “peach fuzz” and fine hair too fine to be treated with laser. Improves texture and complexion of skin, leaving it super smooth and radiant. A great alternative to peels and laser treatments.</p>	<p>from 80</p>
<p>Bio-Hydroderm™</p> <p>Bio-Hydroderm™ simultaneously cools and infuses your skin with advanced AQUA-FUSE™ solutions matched to your skin’s needs, resolving your skin issues: dryness, ageing, fine lines, acne, hyper-pigmentation and excess oil from your very first treatment. More gentle than conventional micro-dermabrasion, hydrodermabrasion is non-irritating with clearly visible results.</p>	<p>45 mins 135</p>	<p>Dermafrac</p> <p>Micro needling infusion therapy is an advanced aesthetic treatment used to target many skin concerns including fine lines & wrinkles, sun damage, pigmentation, open pores, congestion, acne scarring & dehydration. This unique treatment is a 4 in one – microdermabrasion, skin needling, infusion and LED which delivers immediate results. This advanced treatment will stimulate collagen production and cell renewal, helping to plump, firm and smooth the skin. As the roller creates microchannels in the skin it allows a deeper penetration of a potent serum into areas of concern. LED light therapy promotes collagen stimulation, suppresses inflammation, reduces irritation and redness and reduces bacteria living under the skin.</p>	<p>149 – 199</p>
<p>The Face Treatment</p> <p>The ultimate in customisation to protect and restore the natural balance of your skin and send you into a wonderful state of relaxation. Kirsty will analyse your skin and select the right products and techniques to address your particular needs including: fine lines, skin elasticity, hydration, treating acne and soothing sensitive skin.</p>	<p>45 mins 95 60 mins 115</p>
